

As of August 10<sup>th</sup>, 2021, the Alliance Francaise de Detroit requests the covid-19 vaccination for candidates to exams offered at the Alliance Francaise de Detroit, students, and all AFD/FIM staff members.

On test day, wearing a mask is not mandatory anymore, but still recommended

For most test, we need to take a picture of you on test day, during that process, you will not wear a mask.

Material will be cleaned, hydroalcoholic gel in automated dispensers will be available.

We have limited the number of candidates to two per test day.

For the safety of all examinees and test center staff, you will not be allowed to test if you have fever or present respiratory symptoms without wearing a mask.

For all concern or questions call Francoise @ 248-538-5440 (Mondays, Wednesdays, Thursdays, or leave a message)
